Comments:

1. Maybe provide handouts with basic tips or something to take back for other employees. Have a bigger room because the laptops were very close together or even a place for others to sit who weren't able to sit at a laptop.
2. Limit the time for amount of questions an individual can ask. Some of the questions can be answered outside of training session.
3. I am a new employee so the system is all new to me.
4. Very good instructor.
5. A lot of new information.
6. Not enough time because of morning General Assembly going over time!
7. Great brief workshop. Need more time!

8. Very informative.

10. Terry Clark did a good job with his presentation.
11. Time was cut due to the General Assembly getting out late. Need bigger room because could not get in the 1<sup>st</sup> day.
