What did you particularly like about the workshop?

1. This workshop didn't actually give me what I was looking for. I expected more on caseload of a Case Manager. But it turned out to be informative and speaker had the attendees share their ideas which gave us a look on what other tribes do.
2. Group session was helpful to other entities.
3. The possibility of sharing "Best Practices" through a yahoo account? Discussion on common measures, etc.
4. I would have enjoyed a power point presentation.
5. She was too slow.
6. It was okay. Didn't learn much.
7. Interaction with group.
8. Very interactive, a good workshop and learned a lot.

Comments:

1. The hands-on training actually turned out good! Very good information was shared.
2. A true networking session for the exchange of information was wonderful.
3. She was boring.
