What did you particularly like about the workshop?

1. Shared knowledge and problems. Networking which creates a path toward success of a new program like mine or Pendleton area.
2. This is a major issue and should be addressed. They encouraged collaboration.
3. Everyone on the panel had experience working with clients both on and off reservations.
4. Not enough time for interaction because of the size of the panel was too large.
5. Portfolios, reality and transitioning.
6. They provided good examples of a resource book for clients when they move into new areas.
7. All speakers should have provided handouts of slides. **Great panel!**
8. Very important and valuable information.
9. Mr. Kroenke's presentation was by far organized the best.
10. Much needed information which should be worked on by all grantees.
11. Very good suggestions on the subject.

Comments:

1. Excellent comments!
2. Having a panel was a good idea. Should use this format more in the future.
3. Should have two panelist, one for reservation and one for urban to promote discussion and possibly bring out new ideas for participants.
4. I liked the variety of programs representing reservation, rural and urban areas.
5. Hit and miss.
