What did you particularly like about the workshop?

1. Nothing. They were judgmental and put down people who had barriers that we do work with. They put themselves on a soap box and made it very clear that you have to be squeaky clean and come from a perfect life to work with youth. I felt completely insulted.
2. The emphases on how we who work with youth really are leaders and role models.
3. The down to earth sharing of the presenters.
4. I enjoyed the passion expressed for educating the youth through balancing egos, networking with non-Natives and ecology.
5. Knowledge of topic.
6. Appreciated sincerity of the speakers.
7. I came to this workshop to learn or gain more knowledge on youth empowerment and that was exactly what was presented. Thank you!

Comments:

1. I feel that the presenters were very judgmental and should have chosen their words more carefully. I felt that their expectations were targeted more towards people that had fewer barriers and that people should be judged based on their personal lives.
2. More addressing on alcoholism in a large setting to make everyone realize kids are watching and listening to everything.
3. Great team. It's so good to see the respect/shared respect mother and daughter team.
4. The presentation needs to keep presenting.
5. Very empowering.
6. Not exactly what was expected, but was enjoyable. Would have like to have seen more solutions for enabling youth empowerment.
7. Both speakers did an excellent job!
